

# AC-3000 Cash Drawer

- Smallest width of 300 mm
- 8 Coin cups
- Money insert and coin insert separately removeable
- Rugged metal housing

The AC-3000 by ARTDEV is the smallest and most space-saving cashdrawer from the series of metal cashdrawers.

Despite its small width of 300mm, it includes a removable money slot with space for three lying bill trays with metal holders and eight coin cups. As with larger cash drawers, the coin insert can be removed separately from the cash insert and thus helps when counting the coins.

The opening is done via the 3-position lock or electronically via the receipt printer or cash system using the RJ12 connection cable.

Fields of operation:

- Point-of-Sale
- Gastronomy
- Kiosk
