

AC-4280 Cash Drawer

- 5 Bill trays for Euro bank notes
- 8 individually adjustable coin trays
- Reinforced metal housing
- Ball bearing slides
- Two additional trays below insert
- 24V RJ12 opening

The AC-4280 by ARTDEV is a premium cash drawer with a reinforced metal case, a removable money insert with five bill compartments with holders for euro banknotes and individually adjustable and separately removable coin insert for eight euro coins. The AC-4280 cash drawer is opened either via the three-position lock integrated in the front or via the electronic impulse through the cash register or the receipt printer using the RJ12 connection cable.

The front also contains the usual slot for checks or receipts. Under the coin insert there are two more storage compartments, which are integrated into the cash drawer extract. In these vouchers or coin rolls can be stored.

The insert of the cash drawer contains ball bearing slides instead of cheap plastic rollers.
